

*5 Con Res 2*

3. At his request, met with Julius Cahn of Senator Wiley's office. Senator Wiley is interested in opposing the Mansfield Resolution, and wanted to have an informal indication as to some of the reasons why the Bill should be opposed. I discussed at some length with Mr. Cahn the reasons why it was felt that this Bill was undesirable. He indicated that he, too, was opposed to the Bill and would use whatever influence he might be able to generate to defeat it. He expressed the opinion that it was unfortunate that the Bill had been allowed to get through the Rules Committee, and I agreed with him.
